If the *project* has not effectively commenced within three months of the payment of the initial advance, the Commission may :

 - (ii) or decide to add interest to the initial advance from the date of payment until the effective date of commencement of the work at the monthly rate applied by the European Central Bank for its main refinancing operations applicable on the first day of the month during which the three-month time limit has expired. Such interest shall be deducted from the subsequent payment made by the Commission.
- b) Any periodic payments shall be made within a maximum period of 60 days from the date on which the Commission approves or is deemed, in accordance with Article 4(3) subparagraph 4 of this annex, to have approved the periodic reports and any corresponding cost statements, or other *project deliverables*.

However, the Community's total financial contribution may not exceed the maximum amount provided for in Article 3(2) of this contract.

The payments referred to at points (a) to (c) of this paragraph shall be regarded as having been effected on the date on which the Commission's account is debited.

The period shall continue to run once the Commission has completed the additional checks.

In the event of non-reimbursement by the *participant* within the time limit set by the Commission, the latter shall add interest to the sums due at the rate applied by the European Central Bank for its main refinancing operations on the first day of the month during which the time limit set by the Commission has expired, plus one and a half percentage points, unless interest is due pursuant to another provision of this contract. The interest shall cover the period running from the day after the expiry of the time limit until the date of receipt of the funds to be reimbursed.

Bank charges resulting from any reimbursement of sums due to the Community shall be borne exclusively by the *participant* concerned.

A recovery order regarding payments made by the Commission drawn up by the latter and transmitted to the *principal contractor* in accordance with Article 17 of this annex shall be enforceable within the meaning of Article 256 of the Treaty establishing the European Community.

The Commission may decide to set off sums to be reimbursed to the Community against sums of any kind due to the *principal contractor* or *member* concerned.

5. After the *contract completion date*, the termination of the contract or the termination of the participation of a *principal contractor* or a *member*, the Commission may or shall, as appropriate, request from the *principal contractor* concerned or involved with regard to one of his *members*, repayment of the entire Community contribution paid to it, where fraud or serious financial irregularities are discovered in the course of an audit carried out in accordance with Article 17 of this annex. Interest at the monthly rate applied by the European Central Bank for its main refinancing operations on the first day of the month during which the *principal contractor* concerned received the funds plus two percentage points shall be added to the amount to be repaid. The interest shall cover the period between the receipt of the funds and their repayment.
